July was a fulfilling month for Estero Bay, we had a comprehensive opportunity to hear and question our candidate for state Assembly Jordan Cunningham. What a pleasure to have such confidence in a candidate, to know when Jordan is elected he really will represent the stakeholders in his district. What a unique idea in these times that our next Assemblyman will *not* be representing Sacramento to us, but will be representing us to Sacramento. What an opportunity we have! I hope all our membership is doing what they can to get this man elected since it is a targeted seat by the Democrats. Can you imagine a founder of Code Pink representing YOU in the Assembly?

The club also had a magnificent time manning the Mid-State Fair booth. While Pat Kenner and I were there we had our state Senate candidate Palmer Cain greeting a sizable crowd of booth visitors. Supervisor Arnold came by as did District 1 candidate John Peschong. It was a busy booth this year we registered 26 voters and the campaign swag we brought generated a lot of donations!

I'm looking forward to our August lunch with Supervisor Debbie Arnold where she will explain the scam behind the SLOCOG ballot measure to tax us again! John Peschong will also be sharing his goals and priorities for the County after we help get him elected!

God Bless you all  
Carolyn

### Speakers:

**Debbie Arnold seeking re-election for County Supervisor Fifth District.**

*From Membership Chair:*

*Please welcome our newest members: Alice Ligart, from Arroyo Grande, and Joyce Thornton, of Morro Bay!! With these new members, our Club will now regain recognition in CFRW's "2016 Winner's Circle", which recognizes Clubs who have surpassed 100% new/membership renewals over last year!*

*Thank you to everyone who brings guests to our luncheons and special events~~this is how we build membership in our fun and friendly Club. We hope to be offering a very special membership drive event a little later this year, so be watching for more information on this exciting event! Thx. LT*

A membership mixer is in the planning stages for the last week in September. Plan on bringing your Republican friends with you. Details will be presented at the August luncheon.

Mark your calendars! Exciting CFRW State Board Meeting 14-16 October in Ontario, CA. Always excellent speakers and sure to be inspirational just prior to the Nov 8 General Election. And even closer to home, the Central Division Conference 11-13 November at the Tachi Palace in Lemoore! Let's send some Estero Bay Women, our Club budgets money to cover some of the costs.

## For those who understand, no explanation is needed. For democrats no explanation is possible.

An old but still valid explanation of the US Tax System

Suppose that every day, ten men go out for beer and the bill for all ten comes to \$100.

If they paid their bill the way we pay our taxes, it would go something like this:

The first four men (the poorest) would pay nothing.

The fifth would pay \$1.

The sixth would pay \$3.

The seventh would pay \$7.

The eighth would pay \$12.

The ninth would pay \$18.

The tenth man (the richest) would pay \$59.

So, that's what they decided to do.

The ten men drank in the bar every day and seemed quite happy with the arrangement, until one day, the owner threw them a curve. "Since you are all such good customers," he said, "I'm going to reduce the cost of your daily beer by \$20." Drinks for the ten now cost just \$80.

The group still wanted to pay their bill the way we pay our taxes so the first four men were unaffected. They would still drink for free. But what about the other six men - the paying customers? How could they divide the \$20 windfall so that everyone would get his 'fair share?'

They realized that \$20 divided by six is \$3.33. But if they subtracted that from everybody's share, then the fifth man and the sixth man would each end up being paid to drink his beer.

So, the bar owner suggested that it would be fair to reduce each man's bill by roughly the same amount, and he proceeded to work out the amounts each should pay.

And so:

The fifth man, like the first four, now paid nothing (100% savings).

The sixth now paid \$2 instead of \$3 (33% savings).

The seventh now pay \$5 instead of \$7 (28% savings).

The eighth now paid \$9 instead of \$12 (25% savings).

The ninth now paid \$14 instead of \$18 (22% sav-

ings).

The tenth now paid \$49 instead of \$59 (16% savings).

Each of the six was better off than before. And the first four continued to drink for free. But once outside the restaurant, the men began to compare their savings.

"I only got a dollar out of the \$20," declared the sixth man. He pointed to the tenth man, "but he got \$10!"

"Yeah, that's right," exclaimed the fifth man. "I only saved a dollar, too. It's unfair that he got TEN times more than I!"

"That's true!!" shouted the seventh man "Why should he get \$10 back when I got only two? The wealthy get all the breaks!"

"Wait a minute," yelled the first four men in unison. "We didn't get anything at all. The system exploits the poor!"

The nine men surrounded the tenth and beat him up.

The next night the tenth man didn't show up for drinks, so the nine sat down and had beers without him. But when it came time to pay the bill, they discovered something important. They didn't have enough money between all of them for even half of the bill!

And that, boys and girls, journalists and college professors, is how our tax system works. The people who pay the highest taxes get the most benefit from a tax reduction. Tax them too much, attack them for being wealthy, and they just may not show up anymore. In fact, they might start drinking overseas where the atmosphere is somewhat friendlier.
