**PROTECTION OF ALMIGHTY GOD AND THOSE WHO HAVE
THE SUPERINTENDENCE OF THEM INTO HIS HOLY KEEP-
ING. *George Washington***

After hearing Linda Paine from The Election Integrity Project last month I realize how the whole political process in California is not on our side and how discouraged we could get if we let it. The obstacles that TEIP encounter could be overwhelming. Linda is a great example of a patriot not giving up. Linda said what inspires her is the image of George Washington without supplies, men barefoot, cold, hungry and deserting and the Continental Congress telling him supplies were not forthcoming, kneeling to pray in the snow for Divine intervention.

And this month we are celebrating the 240th year of the United States of America the most free, most prosperous country in all of history. We can celebrate this 4th that we, the women of Estero Bay RWF are also patriots willing to fight for the principles that wrote our Constitution. We have accomplished a lot this year and I know we will do whatever it takes to bring victory in November. As Winston Churchill said **"Never Never Never Give Up"**

HAPPY 240th United States.
God Bless Us!

Carolyn

My passion for our community coupled with my experience as a deputy district attorney and taxpayer advocate, have motivated my decision to run for the State Assembly.

I have prosecuted criminals in the courtroom, making our community a safer place to live. I have fought against higher taxes and unnecessary fees, protecting our hard-working families and taxpayers.

And now, with your support, I will fight for our region in the Assembly, providing commonsense leadership and a voice for each and every one of our residents. Sincerely Jordan Cunningham

Don't forget to shop jewelry at the luncheons. You can always contact Jewelry Chairman Lola Balstra 995-1664 to order. Currently we have time sensitive election jewelry, buttons and bumpers stickers

We just got the word that we are all set for the Farmers Market in San Luis for the month of July. We will be there every Thursday from 6-9pm, in a Republican booth doing Voter Registration for Republicans only. This works out well, because the CFRW is having a Voter Registration contest from now to October 31, 2016. We want to win. It would be good to have three people in the booth, but two works. I will have more information later. The July dates for the volunteers :

July 7 July 14 July 21 July 28

This is a fun way to meet other Republicans from all over that are on vacation, live in the area, out of school for the summer, etc.

From your EBRWF Per Capita Chair:

The NFRW per capita reports for May shows Central Division is in third place. What are we going to do to get back to our rightful place of 1st?

The following Central Division clubs have gone beyond last year's total in membership and have entered the "Winners Circle Clubs": Delta Central, Inyo County, Merced County, Santa Lucia, Tehachapi. The following clubs need less than 5 to enter the Winners Circle: Clovis Fresno, Estero Bay, Latinas Unidas, Stanislaus East and Tuolumne.

Estero Bay Ladies, we can join the Winners Circle! Bring a guest to our luncheons and invite them to join us~~Go team! Linda

EBRWF Participated in Adopted a Poll in this Primary election. It proved to be a very interesting experience and our thanks to all. Lorie Noble, June Grillo, Jean Edwards, Lola Balestra, Gayle Bickford, Pat Kenner, Carole Torge, Nette Arnold, Priscilla Ko, Joan Smith, Mary Cook, Patti Blishak, Bona Mooklar, Joe Rouleau, Yvonne Rouleau, Shanda Gibbs, Deborah Hollowell, and Mary Rentz co-chair with Suzy Moyer.

While there were challenges some of us were thinking we need to adopt a second poll in the November General Election but we would need your help. Those working the polls we found some unusual events the most glaring being that our poll had 1000+ registered voters and all but three were listed as voting absentee. Statistically this did not compute and voters coming in were confused some being forced then to vote provisionary.

EBRWF June speaker, Linda Paine proved very timely speaking to the elections in this country and how the laws are not always being observed.

WHO ARE THEY?

The Election Integrity Project, Inc. (EIP) is a corporation founded in 2010 to oversee and participate in the election process. The concerns of EIP's founders arose from various reports of voting irregularities in the 2010 mid-term elections. EIP was formed to provide grassroots oversight and support of the State Elections Codes and State and Federal Election Laws. Our intent is that the rights of every voter are protected by assuring that all votes are legally cast and accurately counted.

EIPs History

In 2011 EIP developed and implemented an ambitious recruiting plan while creating a strong corporate infrastructure. EIP studied the extensive California Elections Code and the federal election laws that govern elections in preparation to train citizens to observe the polls and document what procedures are being used in the polls. This effort, the first to be undertaken in the state of California, established a baseline of how California counties are implementing the procedures as required by the election codes.

In 2012, as a result of our recruiting efforts and research in 2010 and 2011, thousands of citizens volunteered to be trained by EIP to observe and document what is taking place in our polling locations. EIP trained and deployed approximately 2,100 volunteers in 21 counties (representing over 75% of the population of California) for the November 2012 Presidential Election. Our Observers documented substantive violations of federal and California election law. EIP's 2012 Observer Report can be found at www.electionintegrityproject.com.

Of special concern: .

1) California is not in compliance with the federal Help America Vote Act of 2002 (HAVA) which requires each state to have a top-down statewide voter registration database. Due to a memorandum of agreement with the DOJ, California has been functioning with a bottom-up system that makes it impossible for counties to do cross-county research of their databases.

2) California's election codes have only one law that helps prevent voter impersonation at the polls, the check-in procedure. This law was continually and egregiously violated by election officers who refused to follow the law stating 'they were not trained in this law: Instead of : following the law, election officials accept any document with a name and address (pieces of paper, 3x5 cards, sample ballots, etc.). This information can be taken from the street index hanging outside the doors at each polling location. Learn the voting laws go to the web site.
