Estero Bay Republican Women Federated P.O. Box 395 Morro Bay, CA 93443

We have an exciting four months ahead of us until 2016 rolls around and the "Silly Season" really begins. Jordan Cunningham captivated us with his reasons for running for State Assembly at our August luncheon. Now we have Brad Dacus who will enlighten us on civil actions taking place in California. You won't want to miss him. Carolyn Atkinson goes to National in Phoenix Sept. 11-13<sup>th</sup> and will see Carly Fiorina. We have a fundraiser for Debbie Arnold on Sept 13<sup>th</sup>. And Lynn Compton will be at eh Morro Bay Grange to speak on Sept. 23<sup>rd</sup>, sponsored by Colab. Sept 2th Debbie Arnold has her kick off in Atascadero at 9; 30 am. Don't forget we have our Central Division Convention November 13<sup>th</sup>-14<sup>th</sup>. And ladies we need volunteers. Our members will be registering and selling jewelry Friday and Saturday. Don't miss out on the fun, education and comraderie.

Sandi Tannler  
President

**Brad Dacus** served as Legislative Assistant to U.S. Senator Phil Gramm, and went on to receive his Juris Doctor from the University of Texas, School of Law. For the next five years, Mr. Dacus coordinated religious freedom and parental rights cases throughout the Western states. In 1997, Mr. Dacus founded Pacific Justice Institute, where he serves as President and continues to defend religious liberties and parental rights. The Pacific Justice Institute has a network with hundreds of volunteer affiliate attorneys and handles more cases on the West Coast than any other organization of its kind.

## Biased Media vs. Behavioral Standards

By Lloyd Marcus

I love her because she is a little over a hundred pounds, 5'2", a gutsy fireball. However, every time we fly, I pray she makes it through TSA without losing her cool.

My wife Mary despises the gross infringement upon her rights and being "molested by the TSA."

Mark Steyn, hosting Rush's radio show, succinctly articulated the source of my wife's outrage.

Your grandmother in the wheelchair has to lift up her skirt and show her colostomy bag to the TSA until the end of time. Your grandfather, who got blown up serving his country in a war and has a leg brace, has to be degraded and show that to officialdom at the airport until the end of time. But millions and millions of people can just walk into the selfsame country across the southern border, and we're supposed to just accept it.

Meanwhile, the GOP, the MSM, and political experts continue to scratch their heads, puzzled why Donald Trump's poll numbers rise every time he verbally slaps a reporter (operative) pushing the left's PC agenda. Mary's outrage is shared by millions.

We all know that the mainstream media are biased. But they appear to have totally come out of the closet lately, exposing their true identity as leftist operatives. It was infuriating watching a CNN interviewer hammering Republican presidential contender Dr. Ben Carson. This despicable jerk kept trying to twist Dr. Carson's words to mean that Dr. Carson wants to bomb refugees with drones.

Dr. Carson is an extraordinarily kind, gentle, and wise man, with humanity flowing from his very being. I wanted to slap the interviewer on Dr. Carson's behalf. (Just kidding.) Clearly, the leftist operative interviewer was trying to infer that you never know what those crazy, mean-spirited Republicans will do.

Also infuriating and evil is the MSM hiding the sick scandal happening at Planned Parenthood. In the latest video released exposing Planned Parenthood's black-market baby body parts business, one of PP's clients joked about shipping whole heads of aborted babies to research labs. I was stunned by the lack of media coverage and national outrage. Have we grown numb?

My wife Mary said, "*No, we have not. Outraged Americans held 200 huge rallies nationwide clamoring for the defunding of Planned Parenthood.*" And yet the MSM is mute regarding the national outcry against PP. Once again, the mainstream media are proving themselves operatives of evil, protecting PP by shielding the American people from the truth.

Mary and I are longtime friends with a liberal couple. Getting their news solely from far-left media outlets, they oppose defunding PP. We plan to share the horrific PP videos with them. If our liberal

friends still rally behind PP, I no longer want them in my life.

Their loyalty to PP means they are disciples of the religion of liberalism. Its sacrament is abortion. The murder and abuse of babies is fair game in their war on conservatives and behavior standards. That is off-the-chain evil, folks.

A trait I have noticed in this couple and leftist media is their resentment of behavioral standards. They are thrilled when anyone striving to be morally upright fails. They celebrate depravity. As crazy as it sounds, the liberal couple like Mary and me because we are among the few people in their lives they can trust. And yet they resent our goody-two-shoes Christianity.

At the core of the left's relentless assault on traditional American values is their hatred of behavioral standards.

Black Super Bowl quarterback Russell Wilson said he was following God's plan, waiting to have sex after marriage. This made Wilson an MSM laughingstock. With 70% black out-of-wedlock births, which leads to gangs, jail, and poverty, the MSM attacking the black superstar did black youths a huge disservice.

For years, the left despised the Duggar family's wholesome hit TV show. It was an oasis in a desert wasteland, where the left/MSM seek to make depravity normal. When Josh Duggar's moral failures led to the cancelation of his parents' TV show, the MSM rejoiced. Why? The Duggars promoted behavioral standards.

Behavior has consequences. Josh Duggar did the deed and is paying the price. He has asked for forgiveness. I pray this young man will turn his life around. Throughout the Bible, men of God had moral failures. Moses murdered a man. King David stole a man's wife and had him killed. Moses and King David repented and became great men of God.

The left presents the absurd argument that unless one is morally perfect, he has no right to suggest behavioral standards. The Bible says, "All have sinned and come short of the glory of God." Are we supposed to throw out all behavioral standards because humans are incapable of keeping them perfectly? Apparently, the left says yes.

Angry, fearful, and hopeless, Americans see the rapid moral decline of our culture, deathly afraid to say anything. Trump is taking the heat for saying what millions are thinking.

Here is another example of the left's war on behavioral standards. Self-proclaimed former lesbian Dr. Rosario Butterfield said because God condemns homosexual behavior, the left demands man's approval. Masterfully portraying themselves as victims, in reality, homosexuals are the aggressors. Appeasing the left/MSM, SCOTUS repealed Americans' right to freely practice their religion. Christians are government-mandated to embrace anti-biblical behavioral or suffer economic death and/or jail time.

Still, I get the sense that the left has overplayed its hand and there's a new sheriff in town. Americans are beginning to speak out and push back against PC sacred cows such as Black Lives Matter, illegal immigration, and the radical homosexual agenda.

Excellent! It's about time.

We must reject the idea that every time a law's broken, society is guilty rather than the lawbreaker. It is time to restore the American precept that each individual is accountable for his actions.
